Matix - CCI's map viewing product

The Department is trying to determine which counties would like to move to the new Matix product (CCI's map viewing service) to replace the Geoware product . The Department did secure funds out of the current biennium to provide this product to only twelve (12) counties. Please complete the following survey to let the Department know if you would like to transition to the new product or not. This survey will close on Friday July 13, 2012
