

# Work Order Quote

**To:** State of Wyoming  
**Today's Date:** April 18, 2005  
**\*WO #:** **WYDOR010**  
**Budget:** Customization  
**Scope:** **Add Oil and Gas accounts to Group Account functionality**  
**Estimated Release** **December 2005**  
**Estimate of Hours:** 80 hours  
**Specifications:**

## System Changes

The system will be enhanced so that Oil and Gas accounts can be maintained with in the Group account module.

1. The Oil and Gas Account summary screen will be enhanced so that there is a box that contains the group accounts.
2. When the user double clicks on the Group Account number from the Oil and Gas Account summary screen the user will move to the Group Account module.
3. The system will be enhanced so that the user can add one or more Oil and Gas accounts to a group. A group can consist of only Oil and Gas Accounts or as a combination of Real, Personal, and Oil and Gas Accounts.
4. The Group Account screen will be enhanced so that it contains information for Oil and Gas accounts. This information will include a well summary across the group as well as an equipment summary across the group account. The system options for data entry will be checked so that Oil and Gas Equipment will populate from tblAcctOGEquip or tblAcctOGDetail depending on system settings. A summary of production will also be added to the group.
5. The Administrative summary screen will be altered so that Oil and Gas accounts are included in the summary
6. The Adjustments screen will be enhanced so that the user may apply Oil and Gas adjustments if required.
