WYDOR012 Special Districts	Dave Chapman	Stacey Lustig	Hi David, this feels like an issue that we should just plan a conference call for. I could show you what I am envisioning and we could talk about options. I will talk to Kevin O and see if he can set something up next week.	4/28/2005 9:03 AM
WYDOR012 Special Districts	Stacey Lustig	Dave Chapman	There maybe some value setting up fee based districts in a centralized location like the levy based districts. I am not saying these should necessarily be set up in the same place. However, global changes to a fee district could be handled in one place versus at the account level. Maybe I am misreading the WO. What do you think?	4/28/2005 8:42 AM
