Wyoming State Compliance - Renditions	Robert Alers (CCI)	Stacey Lustig		7/1/2005 10:15 AM
Wyoming State Compliance - Renditions	Stacey Lustig	Stacey Lustig	Scheduled for 04.07.00 Release. May require modification in next build.	10/7/2004 12:21 PM
Wyoming State Compliance - Renditions	Stacey Lustig	Dave Chapman	Based on that information, lets intiate this as is. This may need modification at a later date. Possibly the next build. -dc	10/4/2004 3:54 PM
Wyoming State Compliance - Renditions	Dave Chapman	Stacey Lustig	The reason there are six is because these are the documents that the comittee gave us. We have no requirements about where the data comes from. We are willing to change this if you would like.	10/4/2004 2:40 PM
Wyoming State Compliance - Renditions	Stacey Lustig	Dave Chapman	Is there a reason why we will have six renditions? For CCI, is it important to breakout the leased equipment seperately on its own document?	10/4/2004 10:50 AM

Wyoming State Compliance - Renditions	Stacey Lustig	Stacey Lustig		10/3/2004 8:09 AM
Wyoming State Compliance	Stacey Lustig	Stacey Lustig	Stacey - let Kevin know if you need anymore information before you can write this workorder. If needed, I can pull a meeting together.	10/3/2004 8:08 AM
Wyoming State Compliance	Stacey Lustig	Dave Chapman	This will work as long as it applies to oil & gas equipment as well. Also, we will have future additions to this that we can put under a different work order. Glenn has copies of some of those documents now (i.e., pollution control, airplane affid., income & expenses for industrial properites.,etc.). Address the OG issue and we will be ready to sign. -dc P.S., the pp_OG_Forms.pdf file that is attached is corrupt.	10/3/2004 6:41 AM
Wyoming State Compliance	Stacey Lustig	Glenn Ryan		10/1/2004 3:10 PM
Wyoming State Compliance	Stacey Lustig	Glenn Ryan	Attached are the PP/OG renditions given to CCI from the PP committee. They are also under Conversion/PP/Forms out on the website.	10/1/2004 10:29 AM
Wyoming State Compliance	Glenn Ryan	Kevin OConnell	Glenn - can you make sure Stacey has the PP renditions that will be needed for go-live? Then change the 'assigned to' to Stacey and status changed to 'still writing workorder'	10/1/2004 10:28 AM
Wyoming State Compliance	Kevin OConnell	Dave Chapman	This is a difficult thing to answer ... too vague. I believe your software will do most of all the reports we require. The acception to this is, is personal property. Please make sure you are on track with the items Joyln will need.	10/1/2004 8:57 AM

Wyoming State Compliance	Dave Chapman	Kevin OConnell	Dave can you please review this and respond to Stacey's questions: We need to know what reports – renditions etc need to be included in the 04.07.00 build. We can split this out into more work orders if the work spreads over several releases as I believe it will.	9/30/2004 5:05 PM
