

Work Order Quote

To: State of Wyoming
Today's Date: May 27, 2004
WO #: **WYOA003**
Contract Reference #: Attachment A Item 7
Budget: Customization
Scope: **Add tax year to all Marshall Swift Cost tables**
Estimate of Hours: 150 hours
Specifications:

System Changes

1. Add tax year to required tables.
2. Alter calculation code to include tax year
3. Add MS cost table acceptance functionality to the Wyoming application created in Work order WYOD026.

Amendment 7/26/2005:

Originally proposed items 1 through 3 will be cancelled. Instead the following will be done.

1. Year to calculate age will be removed from tblOptionsGlobal. A new structure will be created that will support a year to calculate age per tax year. Mass Year to calculate age will remain in tblOptionsGlobal. Mass will only use the tblOptionsGlobal Year to calculate age for depreciation.
2. A field will be added to tblOptionsGlobal that will record the version of the MS Cost tables that the county is currently using.
3. This field will be added to the DataMart Table structure so that it may be monitored by DOR.
4. The MS Table acceptance interface will be enhanced so that
 - a. New records will automatically be appended to tlkpBlitAsOcc. No search for custom records will be done automatically.
 - b. Copy functions will be added to the following tables so that records for a new tax year may be automatically copied.
 - i. tlkpComCostLocalMult
 - ii. tlkpComCostMult
 - iii. tlkpLandscapingCost
 - iv. tlkpResCostLocalMult
 - v. tlkpResExterior
 - c. The depreciation tables will not be automatically maintained. The User will move to the regular table maintenance tab to maintain this data.
