Allow multiple Govt/Rect Survey System values per Account	Robert Alers (CCI)	Stacey Lustig		7/1/2005 9:46 AM
Allow multiple Govt/Rect Survey System values per Account	Stacey Lustig	Stacey Lustig	Scheduled for 04.07.00 release.	10/7/2004 12:21 PM
Allow multiple Govt/Rect Survey System values per Account	Stacey Lustig	Dave Chapman		10/4/2004 8:37 AM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Dave Chapman	Ready to go.	10/4/2004 8:03 AM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Stacey Lustig	Added Subdivision Lot, Block, and Tract information	10/4/2004 8:02 AM
Allow multiple Govt/Rect Survey System values per Account	Stacey Lustig	Stacey Lustig		10/1/2004 2:55 PM
Allow multiple Govt/Rect Survey System values per Account	Stacey Lustig	Dave Chapman	That will will for us. Please change the workorder to reflect the lot/track/block one to many relationship and I will approve the workorder! Thanks, dc	10/1/2004 11:44 AM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Stacey Lustig	Dave, we already store lot, block, and tract in our Subdivision data structure. We do not usually store the same data in two different places. We would prefer to only add it as a one to many at the subdivision level and make it viewable on the legal tab as a many just like the Qtr Sct ...etc. Can we proceed in this manner?	10/1/2004 10:14 AM
Allow multiple Govt/Rect Survey System values per Account	Stacey Lustig	Kevin OConnell	Stacey - can you look at Dave's last comments. If there is any further discussion required on this workorder, I would suggest we call David Chapman to get this handled.	10/1/2004 9:55 AM
Allow multiple Govt/Rect Survey System values per Account	Kevin OConnell	Dave Chapman	Is it possible to add the lot, block and track to the regular legal description (one to many). It would also be helpful to have it one to many in the subdivision table as well.	10/1/2004 9:01 AM
Allow multiple	Dave	Stacey	Dave, This work order should be ready to sign.	10/1/2004 8:19 AM

Govt/Rect Survey System values per Account	Chapman	Lustig	The Lot Block and Tract will be stored in our subdivision tables. This data will be made "viewable" on the legal tab of the account summary screen for Real property but will be entered in the subdivision module. If this is acceptable I will proceed with creating the new work order for Lot Block and Tract. You can sign this one as is.	
Allow multiple Govt/Rect Survey System values per Account	Stacey Lustig	Kevin OConnell	Kevin is reassigning this WO to Stacey to verify David's request can be accomplished with this workorder. Stacey: please change status to 'ready for DOR sign off' when you feel this workorder is finalized.	9/30/2004 8:39 AM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Kevin OConnell	According to Glenn this can happen. The workorder needs to be reworked to accomodate the change. This is with Kevin now.	9/29/2004 9:47 PM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Dave Chapman	According to Glenn this can happen. The workorder needs to be reworked to accomodate the change. This is with Kevin now.	9/29/2004 3:37 PM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Dave Chapman	Will this work order allow the lot/track/block to be one to many as well. This is also being tracked as an issue item.	9/28/2004 6:19 PM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Dave Chapman	Assigned to Dave Chapman for approval. David I need you to fill out the Date Approved (today's Date) and put a comment in that you have approved the workorder. (this will be captured in the history)	9/28/2004 11:53 AM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Kevin OConnell	Assigned to Dave Chapman for approval. David I need you to fill out the Date Approved (today's Date) and put a comment in that you have approved the workorder. (this will be captured in the history)	9/27/2004 9:03 AM
Allow multiple Govt/Rect Survey System values per Account	Dave Chapman	Kevin OConnell	Per workorder meeting of 9/9/04 this appears ok.	9/24/2004 8:39 AM
