Addition of Local Number	Stacey Lustig	Dave Chapman	Thank you. This should be good to go.	11/19/2004 9:00 AM
Addition of Local Number	Dave Chapman	Stacey Lustig	The Account number in RealWare will be a sequential number for all Wyoming Counties. New accounts will automatically be numbered and given leading letters. The Local No will be populated with the County Account numbers on Conversion. Maintenance of this number will be manual through the user interface. So for example, if a new account is created in RealWare the user will have to enter the Local no by hand on the Account summary screen.	11/19/2004 8:02 AM
Addition of Local Number	Kevin OConnell	Dave Chapman	Does this work order include making the RealWare Account Number and "autonumber" or system number by default. Again, from our conversations this should include a letter in the beginning of the "autonumber".	11/18/2004 4:27 PM
Addition of Local Number	Dave Chapman	Stacey Lustig	David please review, let me know if you have any questions.	11/18/2004 10:59 AM
