

Work Order Quote

To: Wyoming Department of Revenue
Today's Date: May 14, 2009
WO #: WYDOR103
Scope: The Wyoming Department of Revenue will receive GeoWare server migration training from Latitude Geographics for Wyoming's statewide hardware rollout.
Estimate of Cost: \$5,760.00
Projected Delivery: Completed by the end of July 2009
Payment Terms: Payment of \$5,760.00 will be received in full thirty (30) days after work order is signed.

Specifications: The Wyoming Department of Revenue (WYDOR) will receive the below items in their online migration training from Latitude Geographics (LG). Communication on training schedules and overall setup will be handled directly through the WYDOR and LG. LG will provide training materials and logins for trainings directly to WYDOR.

CCI will monitor the migration technical support calls at a twenty (20) minute minimum per support call. All support calls will be channeled to LG Customer Support from CCI's Customer Support until support hours are depleted. LG will notify CCI of support call durations, which will be communicated back to WYDOR on monthly call log of actual time used, and residual support time left.

Item	Hours	Rate/hr	Cost
